Questions

How do I sign up?

1. Complete and sign the attached authorization agreement.
2. Enclose a voided check or savings deposit slip from the account to be debited.
3. If a joint account, the authorization slip must include the signature of both parties.
4. Return the completed authorization form and voided check or deposit slip along with the current premium due.

How does EFT payment work?

Each time your premium is due, it will be automatically withdrawn from either your checking or savings account. You designate which account to withdraw from on the attached form.

When will payments be withdrawn?

After we receive your completed authorization, we will notify you in writing of the amount and timing of the withdrawals. Please pay the premium due now before your automatic withdrawals begin. If you make a change to your policy that affects the payment amount you will be notified in writing 10 days before any change in deductions is made. Your bank statement will confirm each payment.

What if I change my mind after I sign up?

To discontinue EFT, you must notify us in writing 20 days in advance of your deduction date and your account will be billed by mail.

What if I change banks or my account?

Before the next applicable due date, complete a new authorization agreement and send it to us along with a voided check or deposit slip from the new account.
